STELLA MARIS COLLEGE (AUTONOMOUS) CHENNAI, INDIA

ABOUT THE COLLEGE

Stella Maris College, a Catholic minority institution of higher education for women, was founded in 1947. Beginning in a small, one-storey building on August 15th of that year with 32 students in Santhome, Mylapore, the College was relocated in 1960 to its present campus “The Cloisters” on Cathedral Road in the heart of the city of Chennai. Today, the College has an enrolment of 6166 students from diverse backgrounds, communities and nations.

The College is an autonomous institution affiliated to the University of Madras and is partly residential. It is under the management of the Society of the Franciscan Missionaries of Mary, a Catholic, religious congregation founded by Blessed Mary of the Passion (Hélène de Chappotin) in Ootacamund, Tamil Nadu in 1877. Guided by her charisma, the initiatives of the College arise from a sound philosophy of life based on faith in God and the contemporary reality of a pluralistic Indian society which is challenged by global ideologies and cultures. The College is committed to serving the economically and socially marginalised sections of society. It provides university education in a Christian atmosphere for deserving students, especially those belonging to the Catholic community. Admission is open to all irrespective of caste and creed and their rights of conscience are respected.

Truth and Charity are the motto of the College. To seek knowledge is to pursue truth. The College strives to encourage young women to continually search for Truth, and grow into mature and responsible women, ready to face the challenges of life at home and in society. The quest for truth and the untiring spirit of selfless service is the hallmark of a true Stella Marian.

The College emblem represents a ship sailing on stormy waters led by a star. This symbolises the student’s life, guided amidst tempests by the light of the Star of the Sea, Stella Maris. Blue and Gold are the colours of the Stella Maris standard. Blue symbolises truth, loyalty and fidelity and Gold symbolises love, zeal and charity.

Vision Statement

The vision of the College is to build a vibrant and inclusive learning community in a culture of excellence sustained by a sound value system that promotes responsible citizenship and effects social change.

Mission Statement

The mission of the College is to empower young women to face the challenges of life with courage and commitment, to be builders of a humane and just society, and to promote a learning community in which all, especially those from less privileged backgrounds, feel part of the collaborative high quality educational process which is value based and leads to holistic growth.

To realise this vision and accomplish its mission, the College has set the following objectives:

- to develop in the College, a community of individuals endowed with intellectual curiosity, and an eagerness for lifetime learning, who will use knowledge creatively for social transformation
- to form women of character, with sound ethical principles and integrated personalities
- to instill in the students a sense of national pride and appreciation of Indian traditions and cultures
- to create awareness among students about current socio-economic, political and cultural issues and to denounce all forms of oppression relating to class, caste and gender
- to sensitise students to environmental issues, thus motivating them to promote ecological justice and sustainable development
- to establish a link between the institution and policy makers through collaborative research leading to social development

The College became autonomous in 1987 and has 25 undergraduate programmes, 15 post graduate programmes and 1 postgraduate diploma programme with 7 departments offering research programmes leading to Ph.D. degrees. With the introduction of the Choice Based Credit System (CBCS) in 1997, the College began offering new academic programmes, including interdisciplinary courses. The goals of the CBCS are as follows:

- To provide a broad-based, liberal education for all students
- To provide them with greater flexibility in the choice of courses
- To enable them to choose courses at basic/advanced levels
- To enable them to progress at their own pace
- To enable highly motivated students to go beyond minimum requirements and earn extra credits

The College has revised the Curriculum of all Programmes to adopt the Learning Outcome Based Curriculum Framework (LOCF) pedagogy. The LOCF pedagogical model is where the curriculum, pedagogy and assessment are planned to achieve predetermined and measurable outcomes. The focus is towards a holistic learning experience and emphasises on application of knowledge to real life.

SOCIAL AWARENESS PROGRAMME

Social awareness is defined by the Collaborative for Academic, Social, and Emotional Learning (CASEL) as, “the ability to take the perspective and empathise with others, including those from diverse backgrounds and cultures. It is the ability to understand social and ethical norms for behavior and to recognize family, school, and community resources and supports”.

The Social Awareness Programme (SAP) of the College enables students to understand and react appropriately to both the problems and needs of society and the interpersonal struggles of the members of the communities around them. It trains and sensitises them to become aware of their environment as well as interpret the emotions of people with whom they interact. Students will improve their skills in connecting with others verbally and non-verbally, acquire higher levels of emotional intelligence, the ability to empathise with others and understand the roles they play in society.
